Bordeaux University Acceptance Letter Instructions
Spring 2012

Your acceptance letter from the University of Bordeaux will be forwarded to your campus EAP office when it is received by the UCEAP Systemwide Office. Please check your email regularly for the notification of its arrival.

You will need to bring this original letter and a photocopy of it with you when you apply for your visa at the French Consulate. Please refer to the Student Visa Instructions in your Predeparture Checklist for detailed instructions.

You should also make a copy of this letter for your records and take it with you to France.

This letter is very difficult to replace. Do not lose it!

Do NOT mail this letter to CampusFrance!

**Note that the end date of your program that appears on the letter is later than the actual end of your program. Your program will end by the end of May, but the letter states that the last date of the program is June 17th. This is because some students may participate in internships that extend beyond the end of the program.
