Release of Financial Information to a Third Party
Authorization/Restriction (Parent Access)

Federal and state laws limit UCEAP’s ability to discuss personal information about a student with anyone other than the student, unless the student authorizes in writing the release of such information. The Family Educational Rights and Privacy Act (FERPA) assigns privacy rights to all students enrolled in UCEAP, regardless of age. Under University policy, parents or spouses have no inherent rights to access a student’s records, including financial records, even if the student is financially dependent. In other words, even if your parents are paying for your participation in EAP, in most circumstances we cannot disclose financial information without your permission.

You can give your Parent or any Third Party this permission electronically.

There are two types of access that you can grant:

**INFORMATION RELEASE, ONLY**

Allows UOEAP to discuss your financial information with the third party on the phone or by e-mail only.

To set this up, go to MyEAP and click on the Third Party Authorizations link. It is located in the Financial Information section on the blue bar on the left-hand side of the screen.

If you are giving permission for UCEAP to only discuss your financial information with the third party on the phone or by e-mail, choose "INFORMATION RELEASE, ONLY." Once you have filled out the required information, the third party can call or e-mail the EAP Systemwide Office and we will be able to release your financial Information.

**ONLINE PAYMENTS & INFORMATION RELEASE**

Allows UOEAP to discuss your financial information with the third party on the phone or by e-mail and gives the third party access to your MyEAP Financial Account so that they can view or make payments on your behalf.

To set this up, go to MyEAP and click on the Third Party Authorizations link. It is located in the Financial Information section on the blue bar on the left-hand side of the screen; choose "ONLINE PAYMENTS & INFORMATION RELEASE."

Once you have filled out the required information, an e-mail will be sent to the person you designate at the e-mail address you provide. The e-mail will allow them to create a user ID and password so they can view your account, make payments on your behalf, and discuss your financial information with the Systemwide Office on the phone or by e-mail.

They will be added to the e-mail notification sent 30 days prior to the payment due date. As the UCEAP agreement that you have signed states, it is your responsibility as the student to ensure that payments are made according to the EAP payment deadlines, which you can find on the EAP Student Budgets and Payment Vouchers located on the Money Matters tab of your program page on the EAP website.
